SHARED DECISION MAKING AND INFORMATION SHARING

Parents/Guardians,

All Title I schools engage families in the shared decision-making process. Schools also provide families with information to understand and support student academic achievement. The purpose of this compact is to explain the roles and responsibilities of teachers, families, students, and the community. Through this collaboration, we will support student success and achievement. Please read this Family Engagement Compact and provide feedback for future compact revisions. Also, provide suggestions for future professional learning opportunities for families and school members to participate in and work as equal partners. We look forward to working together to make this a successful school year for students, families and teachers.

Thank you,

General John Stricker Team

BCPS Board Policy and Rule 1270

The Board of Education of Baltimore County (Board) recognizes that schools, parents, families and communities must collaborate to support academic achievement, ensuring that every student is prepared for college and career opportunities. Baltimore County Public Schools (BCPS) promotes meaningful partnerships among schools, parents, family caregivers, and the community at large.
